

Ack & Ve

The Gothenburg based vocal group Ack & Ve is now releasing their debut album which showcases intimate and direct folk pop in a way you've never heard before.

Focusing on tight and intricate harmonies combined with lyrics about things both the ugly and the beautiful. About the soft and the uncomfortable, feminism and patriarchy, hatred and the harshness in giving - and taking - and moving on. Rough and loving. Ack & Ve seamlessly move from Swedish to English, from pop to folk jazz, from grief to joy.

Hear me where I am. Listen. Understand.

Give room and space.
