

Fanny Gunnarsson Quartet releases their new album "Night of Stars" April 14, 2023 on Havtorn Records.

With "Night of Stars", Fanny Gunnarsson Quartet invites you on a musical journey through the beauty and majesty of nature. From the gentle breeze of the opening track "Mistral" that builds into a tumultuous storm to the infinite starry skies in "Somewhere", this album showcases the band's incredible range and versatility as they seamlessly blend elements of jazz, pop, and atmospheric soundscapes. Fanny Gunnarsson's powerful vocals and emotive piano playing are the driving force behind the album, bringing the lyrics to life and inviting listeners to connect with the deeply personal and vulnerable themes of the songs. Whether it's the winding and plucking piano loop of "Linger" or the melancholic "Hours," Fanny Gunnarsson Quartet weaves a common thread throughout the album, creating a cohesive and mesmerizing listening experience.

With two full-length albums and an EP under their belt, Fanny Gunnarsson Quartet has established themselves as a force to be reckoned with. Their previous releases, including the EP "Share Your Past" (2019), "Mirrors" (2017), and the debut album "Same Eyes As You" (2014), have received critical acclaim and solidified their place as one of the most exciting up-and-coming groups in the jazz community. With "Night of Stars", the band has taken their sound to new heights, delivering a truly unforgettable experience that showcases their exceptional talent and artistic vision.

"The music is basically lyrical, beautiful and a little melancholic.

Fanny Gunnarsson's honey-smooth voice and flexible piano playing form a perfect symbiosis with Karolina Almgren's soprano sax, who likes to play in unison with the vocal melody or add parts to it."
